

# Fixtures Furniture Dewey environmental product summary

As the economic, environmental, and social conditions in our communities and around the world are changing – and ever more challenging – izzy+ is evolving to reflect those changes. Part of that evolution is a deeper understanding of what it means to be “sustainable” and a commitment to integrating the social, environmental and economic aspects of sustainability into our policies, our practices, our designs, and our culture. To ensure success and transparency, izzy+ will enlist the collaboration of its stakeholders in tracking our commitment, contributing to strategy and implementation, and communicating to each other and the larger community.

## Characteristics

**Brand**  
Fixtures Furniture

**Product Category**  
Tables & Storage

**Designer**  
Joey Ruiter

**Manufacturing Site**  
Florence, AL 35630
