

Starting September 15, 2017, there will be a freight charge added based on minimum order size and zone. Orders under the stated minimums will have the new rates applied to their order. The new program is based on ship to address across four zones. See below map for clarification around the specific zones.

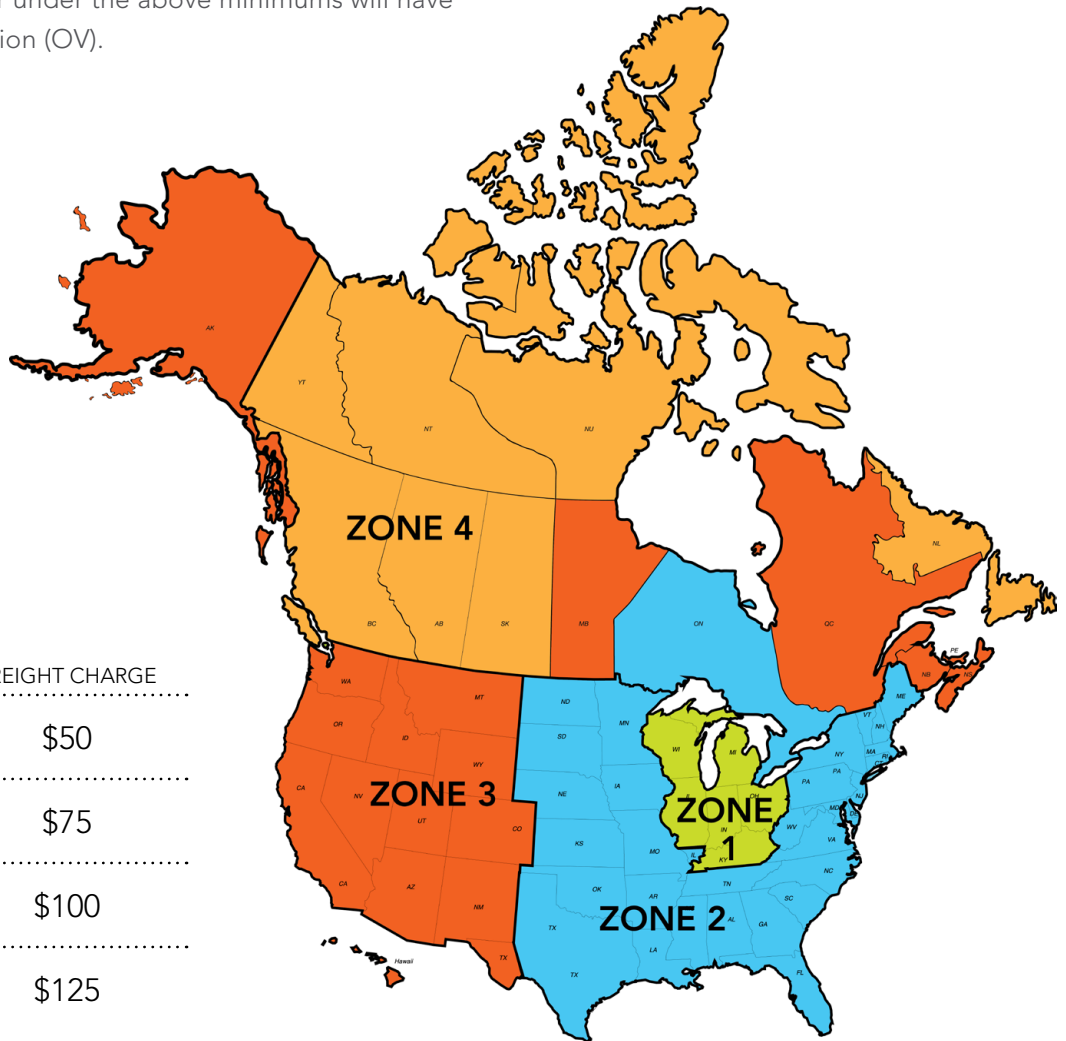

This replaces the current minimum order fee program.

As of September 15, 2017, any order under the above minimums will have the fee added to the Order Verification (OV).
